

Hello Fellow Parenting Advocate!

You may have heard that Lori Petro, the founder of [TEACH through Love](#), and the creator of the [Conscious Communication Cards](#), is launching a kickstarter to raise the funds to publish the first deck of TEACH through Love cards.

The **Kickstarter launches on 7/18**, and we'd love if you'd join us in spreading the word.

I've included an infographic + details to outline some ways we thought our colleagues and fellow advocates might be able to add their voice.

Thank you for considering it, and for being part of the movement to make our world a little bit kinder.

The infographic is titled "CONSCIOUS COMMUNICATION CARDS" with the subtitle "THE KICKSTARTER IS COMING 7/18/17". It features four main sections: 1. "HOW TO SUPPORT US" with a photo of people in a meeting. 2. "SHARE ON SOCIAL MEDIA" with a blue background, stating it takes only a few seconds to add your voice and announce the launch on 7/18, with a "SUPPORT" button and the "THUNDERCLAP" logo. 3. "SHARE A GUEST POST" and "SCHEDULE AN INTERVIEW" with a purple background and a clipboard icon. 4. "SUBMIT A TESTIMONIAL" and "SHARE TO CLAIM YOUR FREE DECKS" with an orange background and a speech bubble icon. Below these sections is the text "Add Your Voice!" followed by contact information: "Thank you so much for your support. Please email us today @ info@teach-through-love.com to talk about how you can lend your support!" and the website "www.teach-through-love.com". A handwritten note says "Many thanks & much love, Lori".

EARN DECKS WITH SOCIAL MEDIA SUPPORT

We'd love to be able to give you your own deck. If you're able to share the Kickstarter campaign in 8 or more Social Media posts (about 2x per week) during the 30 day campaign we'll send you 1 deck for your personal or professional use. (limit 2 decks)

WHY THIS CAMPAIGN?

I didn't have a good relationship with my parents, and our communication involved more yelling and arguing than respectful listening. I don't want to tell anyone how to parent. I just want parents to be able to connect with their kids without using blame, shame, judgment, or guilt.

Every day, parents, teachers, counselors, and others who want to know how they can get MORE of these conscious conversation starters - email me asking how to get their own cards.

I started posting these on Facebook as communication tips almost 4 years ago, and ever since, they've been helping hundreds of thousands of people make huge changes in how they speak to their children!

NOW, we want everyone to be able to take them home.

WHAT ARE THESE CARDS?

These communication re-frames not only help us curb unwanted behavior and influence our relationships for the better - but they also provide a foundation of emotional intelligence that allows children to flourish into thoughtful, caring, and, responsible adults.

The cards are color-coded and divided into three main areas of behavioral challenge -

Stress (Orange)
Support (Purple)
Skills (Green)

These target areas help us identify root causes and address what's really going on behind behavior.

This is discipline you can count on.
